

WEBINAR

Release of the Report
**HOME HEALTHCARE
EMERGING PHENOMENON IN INDIA**

Co-authored by **Ms. Pallavi Gupta and Dr. Sonali Randhawa**

The study draws attention to home healthcare in India, how it is organised and delivered, with respect to the services, providers and users, and the interaction between them. It gives an overview of financing, policies and regulations and vocational training programmes for caregivers with regard to home healthcare.
