

Shilpa John
Specialist- India HPSR Fellowships

Shilpa John is a specialist in the India Health Policy & Systems Research (HPSR) Fellowships program at Health System Transformation Platform. She manages the operations, communications, partner engagements and monitoring progress of the program, which is aimed at building capacity of mid-career public health researchers in HPSR in India. She has over a decade's experience working in public health management under the National Health Mission umbrella. She has worked with the Family Planning Division, Ministry of Health & Family Welfare, Government of India, providing technical assistance in the implementation & monitoring of the National Family Planning programme. She has also worked with the National Health Systems Resource Centre and the Regional Resource Centre for North Eastern States, supporting various aspects of health planning, monitoring, evaluation and research. She has a master's degree in health administration from Tata Institute of Social Sciences, Mumbai and a bachelor's degree in physiotherapy from Tamil Nadu Dr. M.G.R Medical University, Chennai. She is a recipient of the DBT/Wellcome Trust India Alliance Research Management Fellowship (IRMI awardees 2021). She has authored and co-authored several publications, reports and manuals on topics such as family planning, post-abortion care, maternal and child health, and good practices in health systems. She is passionate about improving the quality and equity of health care in India through evidence-based policy and practice.
